About Us

E2E cleaning started small but with a big dream to reach to each and every client who would want general or personalized cleaning services. This dream became bigger when we realized that we can both in commercial and residential cleaning services.

E2E cleaning started in 2016. Our substantial growth each year can be attributed to customer satisfaction who in turn pass over referrals hence the many clients we are currently serving.

Mission:

We clean it like we own it.

Vision:

To be the foot print in the entire East African commercial and residential cleaning services.

Our broad category of services include

Common area facilities cleaning.

This includes common area residential facilities cleaning like lifts, staircases, parking areas, gyms etc. In addition to the common Facilities cleaning.

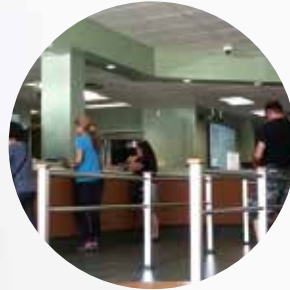

Before, during and after party cleaning services
Events occur and the aftermath of the same is normally messy with wrappers, plastic bottles spread all over the place. Our crew are readily armed with tools to take care of the mess that is normally left behind.

Fumigation & Sanitization

We offer Pest Control services with modern machinery and tools that ensure quality and most professional service pro-vision in both control and extermination of Pests and nuisance wildlife that attack our Homes, Commercial Enterprises, Public institutions , Restaurants.
